Juan Jiménez Serrano

Computer Engineer & Higher Technician in 3D Animation
jujise96@gmail.com | linkedin.com/in/jujise96 | github.com/jujise96 | jujise96.github.io

PROFESSIONAL PROFILE

Graduated in Computer Engineering and Higher Technician in 3D Animation, Games and Interactive Environments. Specialized in Backend development (.NET, C#, SQL Server, Azure) and interactive 2D/3D environments in Unity. Solid technical base applied to the development of academic and personal projects, with mastery in hybrid software architectures (ORM/micro-ORM), integration of transactional APIs and agile methodologies (SCRUM). Great capacity for adaptation, teamwork and incident resolution strengthened through software development and experience in customer service and logistics.

ACADEMIC BACKGROUND

Master's Degree in Research in Systems and Computer Engineering *2026 – Present*
University of Cádiz (Puerto Real)

Bachelor's Degree in Computer Engineering *2019 – 2026*
ETSI, University of Huelva

Higher Technician (FPGS) in 3D Animation, Games and Interactive Environments *2017 – 2019*
IES Ángel de Saavedra

Scientific-Technological Baccalaureate *2016 – 2017*
IES Manuel De Falla

FEATURED PROJECTS

Final Degree Project - Full-Stack Web Platform (.NET & Cloud) *04/2025 – 06/2025*

Technologies: C#, ASP.NET Core MVC, EF Core, Dapper, SQL Server, Azure Blob Storage, SendGrid API.

- End-to-end development of an interactive web application of mission and object guides under the agile SCRUM methodology.
- Implementation of a hybrid persistence architecture: Entity Framework Core for write/transaction operations and micro-ORM Dapper for high-performance, optimized SELECT queries.
- Integration of cloud services (Azure Blob Storage), Google authentication and a transactional email service with the SendGrid API.

Repository: github.com/jujise96/TFG

Zombie Assault 3D - Survival Game (Unity / C#) *04/2024 – 07/2024*

Technologies: Unity 3D, C#, NavMesh Surface, Genetic Algorithms.

- Full FPS controller programming with weapon switching, shooting mechanics, animations, and dynamic HUD.
- Development of enemy AI with route tracing using NavMesh Surface and a custom genetic algorithm for the progressive adaptation of attributes (health/speed) according to the round.

Repository: github.com/jujise96/UHU › PJ/Zombie-Assault-3D

Slug Warrior 2D - Arcade Action (Unity / C#) *02/2024 – 04/2024*

Technologies: Unity 2D, C#, FSM (Finite State Machine), Pathfinding A*.

- Implementation of combat logic and boss behavior using a Finite State Machine (FSM).
- AI programming for flying enemies with obstacle avoidance and A* navigation.

Repository: github.com/jujise96/UHU › PJ/Slug-Warrior-2D

DDSI - Gym Management System (Java / ORM) *10/2023 – 01/2024*

Technologies: Java, Java Swing, Hibernate ORM, Oracle SQL, MySQL.

- Desktop application development based on the MVC architectural pattern and relational persistence integration with Hibernate.

Repository: github.com/jujise96/UHU › DDSI/DDSI-Proyecto

TECHNICAL SKILLS

Programming languages: C#, Java, C, C++, JavaScript, HTML5, CSS3
Backend & Cloud: .NET / ASP.NET Core MVC, Entity Framework Core, Dapper, Microsoft Azure, Google Cloud, Hibernate
Databases: SQL Server, Oracle SQL, MySQL, PostgreSQL
Tools & Frontend: Git, GitHub, Bootstrap 5, REST APIs
3D & Game Development: Unity (2D/3D), Blender, Ultimaker Cura (3D Printing), Photoshop, After Effects

WORK EXPERIENCE

3D Modeler | CREATEC 3D *05/2019 – 07/2019*

- Custom design and modelling of three-dimensional parts and prototypes aimed at additive manufacturing using Blender and Ultimaker Cura.

Parcel Delivery Driver (Campaigns/Seasons) | FAJUTRAN *2016 – 2026*

- Reinforcement of delivery routes during the holiday periods with the highest shipment volume (Christmas, Easter and Summer), combined with studies.

LANGUAGES

Languages: Spanish (Native), English B2 (Upper-Intermediate)

SKILLS

Teamwork, problem-solving, hardworking, sociable, complaint and conflict resolution, service orientation, courteous and professional manner, geographical mobility, driving licence B.
